- <https://website-pi-lac-43.vercel.app/>

## About Me

I am passionate about creating modern websites with React and keeping up with the latest frontend trends. I also have basic backend knowledge with Node.js and Prisma, allowing me to contribute to full-stack projects. I enjoy building clean, reliable systems and continuously improving my skills with new technologies. I am proactive, collaborative, and motivated to solve real-world problems as part of a team.

Jun 2024 – Aug 2024
